🔗 EXPERIENCE

Iconergy – Energy Engineer: 2012 - 2015

Iconergy was a start up in the energy efficiency and engineering when I joined , and grew from 3 to 20 people during my time. My roles were technical analysis, marketing/operations and business development.

ModCouples– Co-Owner and Founder: 2014- Present

Along side a team of 5, I founded ModCouples. ModCouples allows users to share and discover experiences. I manage the development team as well as financial operations and tax and accounting.

CrossFit Colfax – Co-Owner and Founder: 2013- Present

I co-founded and started CrossFit Colfax, a successful CrossFit facility in Denver, Colorado. My roles and responsibilities include financial operations, tax and accounting, marketing and strategic direction.

E&J Gallo Winery – MDP Candidate & Sales Associate 2010-2012

I worked for the management development program (MDP) as a sales associate where I managed a portfolio of business that was over $1.2M in annual revenue.

🎓 EDUCATION

Galvanize Full Stack Immersive Program – Graduate: 2015 -1 2016

Galvanize full stack is a program that provides immersive learning into PostgreSQL, Express, Angular and Node with Javascript and various other languages.

University of Colorado – BS in Civil Engineering & Minor in Economics: 2006 - 2010

The University of Colorado at Boulder Engineering and Economics schools.

✚ VOLUNTEER

University of Colorado Rugby Alumni Group –Vice President: 2010 –Present
